The vision of Key West philanthropists Mr. Jacob Dekker and Mr. John Padget, launched the public art sculpture trail project in 2017 along U.S. 1, the Overseas Highway, an All-American Road.

The trail features eight sculptures created by The Art Students League of New York’s Model to Monument Program, and is a generous gift to the residents and visitors of Monroe County, Florida.

Sponsored in part by the Monroe County Board of County Commissioners, the County’s Art in Public Places Committee and the Florida Keys Council of the Arts. More details on the Sculpture Trail can be found at keysarts.com.
The Florida Keys Council of the Arts is the leading arts and cultural organization in the Florida Keys. As the non-profit local arts agency for Monroe County it connects audiences from around the world to galleries, theaters, museums, festivals, dance, music and more from Key West to Key Largo.

The Arts Council provides services and grants to visual and performing artists, arts organizations, students and the public, striving to instill a passion for and participation in the arts. To enrich and enhance the arts and cultural community, the Arts Council promotes the Art in Public Places program and advances the destination for its rich and diverse history.

The cultural arts play a fundamental role in the lives of our residents and visitors. The Arts have been and continue to be a signature of what makes our community unique and an international destination.
